985 sq.m (10,598 sq.ft)

## Shade by Tension Span® for luxury Resort

Welcoming in the Millennium, Twin Towns Resort offers 4 star luxury hotel suites and apartments adjacent to Coolangatta Beach.

After the successful performance of the footpath and set-down canopies built for Twin Towns Services Club in 1992, Tension Span® was chosen to design, supply and install 21 tension membrane canopies for the Promenade, Porte Cochere, Terrace, Walkway and Pool areas.

Covering nearly 1,000 sq.m; these arch, conical and hyper forms, provide attractive weather protection and bright, light visual features for the restaurant diners, guests and visitors using this spectacular new complex. ■

1. Podiums
2. Outdoor Pool Area & Flexshades
3. Café Walkways
4. View of Podiums from Pool Area
